

# Collection 2024

Turn the outdoors into your outdoors.

## From drawing board to backyard.

Furniture series that match your outdoor living, perfectly tailored to you, giving space to all your moments.

## Life Outdoor Living.

Discover with Life Outdoor Living how special outdoor living can be.

## Sun, wind, rain and seasons.

Outdoors requires robust and resistant and we combine that with distinctive design and smart comfort.

# life

OUTDOOR LIVING

Look, living does not stop at the back door. In fact, it actually starts there. Because outdoors, you really come to yourself. If you put the right attention and craftsmanship into it. We design your connection with the outdoors. From drawing board to backyard. Furniture series that match your outdoor living. Perfectly tailored for you. So that all your beautiful moments are given space. You have sun, wind, rain and seasons. Outside requires robust and durable. And we combine that with distinctive design and smart comfort. Discover with Life Outdoor Living how special outdoor living can be.

*Life Outdoor Living.*

Turn the outdoors into your outdoors.

Dune

Steel

## Cushion colours and materials

All-weather cushions (developed by Life) can stay outside all year round. These cushions are made of high-quality synthetic products. When it rains, water seeps through the cushion cover and through the inner foam. By pressing on the cushion or laying the cushions on their side, they are dry in a relatively short time. Our All weather cushions are available in three different colours.

Soltex cushions feel more natural and slightly softer than All weather cushions, are strong and are easy to maintain. Soltex cushions can be left outside throughout the spring and summer seasons, but are best stored indoors for the rest of the year. Our Soltex cushions are available in five

different colours, including the new cushion colour Dune.

Comforma cushions can stay sheltered outdoors all season. The fabric feels like an interior fabric, but has properties that allow them to stay outside in all weather conditions. This is because they are treated with a Scotchguard layer. However, we do recommend storing these cushions inside in prolonged rain. Comforma cushions are ideal for under a veranda or canopy. Our Comforma cushions are available in two different colours.

## Frames

Life Outdoor Living has a wide range of aluminium garden furniture. The reason why most of the Life collection is made of this material is because it is very suitable for outdoor use. Aluminium is rust-proof, lightweight, UV-resistant,

colourfast and very easy to maintain. We work with three basic frame colours, making it easy to combine different types of furniture.

## Table tops

Ceramic is the collective term for all objects made of fired clay. Ceramic has the look and feel of natural stone and is easy to combine with other materials. Our ceramic tops consist of a few thin layers of ceramic glued onto a sheet of safety glass. We do this to give the tops extra strength, with the ability to bend it slightly without cracking.

### Advantages of ceramics:

- Low-maintenance
- Acid-resistant
- Extra strong due to combination with hardened glass

Teak is a hardwood species that lends itself perfectly to the manufacture of outdoor furniture. For all our wooden products, we only use certified teak, the SVLK quality mark or FSC® quality mark. Normally, teak is a light brown wood that turns a beautiful platinum-grey as the weather progresses.

### Advantages of teak:

- Does not splinter
- Minimal action
- Heat absorbing
- SVLK of FSC® approved
- Contains natural oils

Polywood is made of a very strong type of plastic called polystyrene. This material is easy-care, lightweight, weatherproof and treated against UV radiation.

### Voordelen polywood:

- Does not fade
- Minimal impact
- Easy to maintain

## Lounge

Did you know that at Life, everything is tailored to your personal requirements? As the only garden furniture specialist that manages the entire process from design to delivery, we create, produce, sell, and install all our products ourselves. This unique approach allows us to present a distinctive collection of the highest quality, opening a world of limitless possibilities for outdoor enthusiasts.

For instance, if you're particularly fond of a certain lounge set but would prefer to see it paired with a different coffee or side table, that's no issue with us. A large portion of our lounge sets are designed to be combined, allowing you to assemble the lounge set entirely to your own taste. Whether you opt for a spacious family sofa or a cosy loveseat, we offer three different cushion materials and no fewer than ten cushion colours, all at no extra cost. This way, we always find the perfect combination that suits your style and preferences. At Life, your personal experience is at the forefront. We look forward to working with you to create your ideal outdoor space!

# Lima lounge

Discover the Lima lounge: a luxurious set with organic design in our collection. This set exudes luxury through the use of a special material called RuCore, a rubber foam core wrapped with rope.

Aluminium

Lava

Teak

Robust

Soltex

Graphite

This not only provides a striking thickness, but also prevents water from soaking the rope. The backrests of the Lima lounge set are made of extra thick rope. The lounge cushions with button detail are unique to this set and add a subtle, sophisticated touch.

Whether you're enjoying a relaxing afternoon by yourself or socialising with friends, the Lima lounge set offers a place of ultimate comfort and elegance. Add a touch of exclusive luxury to your outdoor space.

# Urban lounge

Discover the Urban lounge set, specially designed by us with the urban garden in mind. This compactly designed set fits perfectly into cosy outdoor spaces, such as a narrow city garden, a balcony or a canopy.

Aluminium

Beige

Teak

Robust

Soltex

Dune

Mix &  
Match

With its slightly higher seat height, the Urban lounge feels active, but with the backrest at the right angle, you can effortlessly lean back and enjoy the fresh outdoor air in complete relaxation.

The accompanying cushions are flexible, making them easy and compact to store, but still provide comfort when you use them. Even without cushions, this set offers exceptional comfort, thanks to the wire work in the seat. This makes the lounge perfect for a relaxing cup of morning coffee without having to get out the cushions right away. Transform your urban garden into an oasis of comfort and style.

# Ibiza lounge

At Life, we strive to make great outdoor living accessible to everyone, regardless of the size or location of your outdoor space

Aluminium

White

Soltex

Mist Grey

The Ibiza lounge set is available in several configurations, so there is sure to be one that fits your outdoor space. The Ibiza is made of aluminium, a high-quality material that requires little care. We understand that not everyone has the time to use maintenance products. The occasional refreshing spray from the garden hose is therefore enough to keep our aluminium sets looking good. With its sleek design and durable materials, the Ibiza lounge set exudes Life's core values. Whether you have a compact balcony or a large garden, this set will fit perfectly in your outdoor space. Choose comfort and style with the Ibiza lounge set, and enjoy carefree relaxation in the fresh outdoors.

# Dining

At Life, it's all about crafting a dining set that perfectly aligns with your personal taste. Our collection stands out with a unique mix-and-match principle, enabling you to freely combine materials and colors to suit your desires. Picture this: you discover an exquisite dining table in one of our series, but you want to combine it with garden chairs from a different line. No worries! With our extensive range of colors and materials, you're guaranteed to find a combination that flawlessly aligns with your preferences.

This approach allows you to effortlessly assemble your ideal dining set, whether for unwinding with a good book or enjoying a peaceful cup of coffee. The real celebration begins when you dine in your garden, whether it's a relaxed meal or a cosy gathering with friends and family. At Life, our goal is to personalize your outdoor experience, ensuring each dining set mirrors your unique style and comfort.

## Sling dining chairs

Our Sling chairs are perfect for outdoor living: The textile of the seat is also called All weather because it is weatherproof. So you can quickly enjoy the first rays of the sun after a summer rain.

Soho  
dining  
chair

A wide-angle photograph of a modern outdoor dining set on a dark grey patio. The set includes a long, light-colored wooden table with thick legs and several grey upholstered chairs with white metal frames. A potted plant sits on the table. In the background, a modern house with large glass windows and a wooden slat exterior is visible. A green circular callout with white text is in the upper left corner.

Zita  
dining  
chair

A close-up photograph of a grey metal dining chair with a tufted grey seat and backrest. The chair is positioned next to a glass-topped table. The background is a lush green lawn and foliage. A green circular callout with white text is in the upper left corner.

Aluminium

Lava

Soltex

Graphite

Thanks to its  
shape, the Verona  
bar chair has  
an incredibly  
comfortable  
backrest.

# Loungers

Is there anything more delightful than enjoying the lovely weather in your own garden? Sink into one of our sun loungers and let your thoughts drift away under the warm embrace of the sun. Designed with your utmost comfort in mind, our loungers are the perfect spot to unwind. The aluminium frame not only makes them easy to maintain, but their adjustability also ensures you can always find the perfect position to enjoy your outdoor space.

For those seeking the peak of poolside leisure, we recommend our sun loungers with All Weather upholstery. This fabric features tiny holes that allow water to drain through quickly, ensuring the cushions dry promptly. If you prefer a softer, more natural-looking fabric, then Soltex or Comforma Outdoor are ideal choices. These materials are not only easy to care for and water-repellent, but they also add a touch of luxury to your relaxation experience. Just bear in mind that they may take a bit longer to dry after a dip in the pool. Perfect for those who love to soak up the sun! In summary, transform your garden into a haven of comfort and tranquillity with our versatile range of loungers.

## Spring lounge

The Spring sun lounge has a lightweight aluminium frame that is rustproof and easy-care. The seat is made of high-quality All-Weather material, making it suitable for year-round use.

Aluminium

White

Tiltable

Also very suitable for poolside use! This material is known for its outstanding durability and weather resistance. With this sun lounger, you are guaranteed comfort and convenience, both in use and maintenance. Enjoy relaxing moments under the sun in style with the Spring sun lounger.

## Relax chairs

Who doesn't love to relax with a good book or magazine in the garden? And there's something special about enjoying a cup of coffee in a comfortable outdoor chair. Our outdoor relaxation chairs are designed for ultimate comfort with soft cushions, making them perfect for hours of relaxation!

But an outdoor relaxation chair does more than just provide comfort; it also adds ambiance to your garden. Picture this: a tête-à-tête garden bench or a pair of relaxation chairs together with a side table, creating a cosy corner where conviviality is key. Or perhaps an adjustable relaxation chair would better suit your needs, allowing you to choose the ideal position for maximum comfort.

With our outdoor relaxation chairs, your garden becomes a place not only for rest and relaxation but also a welcoming and stylish area. So, why not take advantage of it? Place your relaxation chair outside and enjoy the delightful experience of unwinding in your own green space!

## Laos relax chair

The Laos relax chair can be combined with every lounge set within our collection. Therefore, it's the perfect addition to your outdoor living space.

The trendy rope design combines style and comfort, with full support from back to head. Ideal for relaxing moments and enjoying a good book.

## Moa relax chair

The Moa relax chair offers the ultimate combination of quality and comfort. Enjoy stylish outdoor seating with this durable and easy-care relax chair, where design and functionality come together for an optimal outdoor experience.

Lava

Aluminium

Soltex

Beige

Teak

Robust

Discover the Moa recliner from Life Outdoor Living. The legs, made of lightweight aluminium, offer stability, while the armrests are made of twisted loom for a contemporary look. Twisted loom, a strong plastic thread with a playful twist, makes the chair not only easy to maintain but also weather and UV resistant. The teak seat completes the design of the Moa recliner.

## Devi relax chair

With its modern design, the Devi chair offers the ultimate sitting experience. A modern must-have for comfort and aesthetics.

Lava

Basalt

The fully adjustable seat and headrest ensure comfort, while the soft, thick cushion offers delightful relaxation. The innovative transparent frame adds a contemporary touch, without the usual camouflage of cables. Practical and stylish, the removable zipped cushion makes maintenance effortless.

## Lima relax chair

Create your own oasis, complete with a refreshing drink and the Lima relax chair.

Lava

Basalt

Enjoy ultimate relaxation with our Lima relax chair, the perfect companion for sunny days. Its organic design, featuring the innovative RuCore material - a rubber foam core encased in water-resistant rope - promises not only striking comfort, but also a unique aesthetic.

# Parasols

Do you need a nice shaded area in the garden or on your balcony? Then a beautiful and functional parasol is the perfect solution!

Materials such as aluminium ensure a luxurious look and high quality. With the handy turning mechanism, the floating parasols can be folded in and out. The tilting mechanism ensures that you can always create shade in the desired spot, even when the sun is low. A stick parasol takes up less space and is lightweight.

Our parasol cloths are made of polyester, comforma or spuncrylic and treated with a protective coating to reduce the risk of discolouration.

# Havana parasol

Allow our Havana parasol to transform your outdoor living space into an oasis of relaxation.

Parasol  
Havana

399,-

Ø 300 cm  
Comforma Dune  
incl. Havana  
base 38 kg + cover

The Havana parasol can be fully rotated, but also fully tilted.

Canopy:	Comforma
Base options:	Havana parasol base 38kg

Tiltable

Thanks to our large collection of colours and sizes, the Havana parasol is the perfect addition to your terrace. Whether you're organising a cosy dinner or just want to enjoy the fresh air, the Havana parasol doesn't just protect you from the sun but also adds that little touch of luxury. Lift up your outdoor living experience to the max with the comfort this Havana parasol provides.

# Palermo parasol

With its rotatable design and tiltable frame, the Palermo provides versatile sun protection, enabling easy adjustment of the desired shade angle.

Parasol  
Palermo

1199,-

# Nevada parasol

The Nevada cantilever parasol is the ideal companion for comfortable and stylish outdoor moments.

Parasol  
**Nevada**  
**2669,-**  
400 x 400 cm  
Spuncrylic Carbon  
Nevada base 300 kg + cover

With its size of 400x400, the Nevada floating parasol is the largest parasol in our collection.

## Specifications:

Parasol type: Cantilever parasol  
Size: 400x400

Frame options: Lava, white or beige

Canopy options: Comforma  
Anthracite, Mist Grey, Beige,  
Olive Green, Moss and Dune  
Spuncrylic  
Carbon, Grey, Taupe

Base options: Nevada base 300kg

The Nevada cantilever parasol offers not only generous shade, but also an array of convenient features. Available in impressive sizes, it creates ample shelter on sunny days. This stylish parasol also rotates 360 degrees and can be tilted in line with the frame as well as sideways, allowing you to easily adjust the shade direction. The parasol comes with a convenient protective cover and a solid parasol base for optimum stability. Thanks to the wheels in the base, moving this parasol is surprisingly easy.
